

REMARKS

Reconsideration of the above-identified Application is respectfully requested. Claims 1-4 are in the case, and are allowed.

Regarding the objection to the disclosure, the requested amendment at page 3, line 20, has been made. Please note in this regard that the strike-through line showing deletion of the number "4" in the first line of the substitute paragraph is difficult to see because of the mid-point horizontal line in the number 4 itself, but it is there. It is respectfully submitted that the objection has been overcome. Wherefore its reconsideration and withdrawal are respectfully requested.

Regarding the requirement of formal drawings, formal drawings are submitted herewith. Their acceptance and entry into the case are respectfully requested.

It is respectfully submitted that the claims recite the patentably distinguishing features of the invention and that, taken together with the above remarks, the present application is now in proper form for allowance. Reconsideration of the application, as amended, and allowance of the claims are requested at an early date.

While it is believed that the instant amendment places the application in condition for allowance, should the Examiner have any further comments or suggestions, it is respectfully requested that the Examiner contact the undersigned in order to expeditiously resolve any outstanding issues.
